MA

EXPERIENCE

Front-End Developer

Hubble Pte Ltd   05/2023 - 04/2024   Singapore (Remote)

- Developed and maintained UI components using Vue.js and TypeScript
- Integrated with REST APIs to display dynamic project data and reports
- Followed Figma designs and ensured responsive layouts across screen sizes
- Improved loading speed of a project listing page by optimizing component rendering (30% faster in Lighthouse score)
- Documented component usage in Storybook to help onboarding of new developers
- Fixed over 15 UI bugs reported by QA before final sprint reviews

Junior Front-End Developer

Softinn Solutions Sdn Bhd   03/2022 - 04/2023   Melaka, Malaysia

- Built new features in the reservation dashboard using React.js, Redux, and Tailwind CSS
- Helped improve mobile responsiveness of hotel owner portal
- Collaborated with QA and backend teams to deliver sprint goals
- Reduced support tickets by 20% after updating tooltip and form validation UX
- Successfully delivered UI changes on 5+ client projects without major bugs
- Received internal team appreciation for maintaining consistent Git commit practices

Frontend Developer Intern

Lava Protocols Sdn Bhd   01/2021 - 02/2022   Kuala Lumpur, Malaysia

- Assisted in building internal CRM pages using HTML, CSS, JavaScript, and Bootstrap
- Supported UI/UX testing and fixed styling issues based on QA feedback
- Paired with senior devs for small tasks and learned Jira + Git workflows
- Completed 10+ UI tasks during internship under supervision
- Improved page layout consistency by fixing alignment and spacing bugs
- Created reusable CSS classes for common components (buttons, modals)

EDUCATION

Bachelor of Computer Science

National University of Singapore (NUS)

2020   Singapore

- (Software Engineering)
- National University of Singapore (NUS), Singapore

JavaScript Algorithms and Data Structures

FreeCodeCamp

2023   Remote / San Francisco, CA
